INTERESTS

Exploring London and other cities to find inspiration and if I can do this on my bike, that's even better. I want to continue developing my hand lettering and illustration skills as with practice I'll always be better than I am today. I also freelance for three different pubs around London, oozing my personality into boozers around the city.

CHARACTER

- Social
- Proactive
- Can work a bit too hard
- Self motivated
- Too cheerful on rainy days
